Sometimes I hold my breath for the longest time  
Close my eyes and watch this free fall flight  
Scared of coming down from these dizzy heights  
I need a snapshot before the last light fades  
'Cos you're looking at me in that way again  
Want to capture this in case this moment ends  
Don't let the feeling go, now it's really here  
'Cos only heaven knows what's happening  
I do believe we can make this world stand still  
If we don't change a thing  
Last night I had that same old dream again  
Walking on a tightrope without a safety net  
But I had my wings because you were there  
Don't let the feeling go, now it's really here  
'Cos only heaven knows what's happening  
I do believe we can make this world stand still  
If we don't change a thing  
Don't let the feeling go, now it's really here  
'Cos only heaven knows what's happening  
I do believe we can make this world stand still  
If we don't change a thing  
We don't need to change a thing  
Don't change a thing  
Don't change a thing
