

# It's the Things You Do

## Five

It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do?  
Nothin' left to prove  
It's the things you do  
(It's the things you do) You touched my love line  
So deep inside I  
Never thought I'd feel so good  
Oh no  
No need to hide now  
Open up your mind now  
Let me make it understood  
Because Nobody ever said to me  
All of the things we shared within  
Now that I know that you can see  
Let me fill you up It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do?  
Nothin' left to prove  
It's the things you do  
(It's the things you do) You and me baby like the A B C  
K I S S I N G  
Could it be unity  
I need like J Hoffa  
Romance your body  
Work it out, proper One of the finest,  
Things on my mind is  
How you make me feel like gold queen Midas  
Straight a plus the material I bust  
But the things that you do  
Keep me up and it's a must Nobody ever said to me  
All of the things we shared within  
Now that I know that you can see  
Let me fill you up It's the things you do  
That have made me fall

So in love with you  
You can have it all  
What else can I do?  
Nothin' left to prove It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do?  
Nothin' left to prove  
(It's the things you do) Give me a chance and let me in  
There's no need to hide  
What's there within  
Now that I know that you can see  
Let me fill you up  
You got that Midas touch  
I love you more than enough  
For all the things that you do It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do?  
Nothin' left to prove  
It's the things you do
