Going Home

Lauren Pritchard

Follow, I followed
Did I stay too late?
The photos and phone calls
Set us up like live baitWhere do I go if I'm not going home?
Who's gonna take me away?
What have I done if I'm not yours alone?
Who's gonna take my place?Wander, I wander
Looking through your things
I know she's in here somewhere
Does she look like me? ArousingWhere do I go if I'm not going home?
Who's gonna take me away?
What have I done if I'm not yours alone?
Who's gonna take my place?
