View From The Other Side

Duncan Sheik

You thought it was a good thing
Were you fooled again?
Is it me who did the foolin'?
Tell me where and when
Where and when now little girl, little girl
Isn't it all at all about you and I
The view from the other side is wider by far
Listen to the radio, it ain't suicide
Move on little girl
There's a world wide open
Move on little girl from that place
You tried to make it perfect
But it never fails
So few things you worship
Ever hold the rails
Hold the rails now anymore, anymore
Isn't it all at all about you and I
The view from the other side is wider by far
Listen to the radio, it ain't suicide
Move on little girl, there's a world wide open
Move on little girl from that place
Isn't it all at all about you and I
The view from the other side is wider by far
Listen to the radio, it ain't suicide
Move on little girl, there's a world wide open
Isn't it all at all about you I
The view from the other side is wider by far
Listen to the radio, it ain't suicide
Move on little girl, there's a world wide open
Move on little girl from that place
No it ain't a good
