

Death From Above

Toxic Holocaust

I don't wanna work for the FBI

I don't wanna know where the bodies lie

I don't give the fuck if your life has died

It's just karma, bad karmaI don't really care if you're engulfed in flames

I don't even care if you don't look the same

I don't really care if you catch the train

To nowhere, the last train to nowhereBecause it's a

Death from above

Death from above

Death from aboveFlying in, on the wings of destruction with freedom in our eyes

It's a death from above and everybody diesI don't even care if your, if your house's in pieces

I don't even care if you cry for Jesus

When you find yourself in a storm of feces

Of feces, a storm of fecesLet the flag of destruction fly

From the top of the mountain high

From the chateaus to the plateaus

In the shadows, the shadowsBecause it's a

Death from above

Death from above

Death from aboveFlying in, on the wings of destruction with freedom in our eyes

It's the death from above and everybody dies
