It's Not Gonna Happen

Another Idiot

Try all you want
Make up your point
Go trough desiscions, you do and you don't but
it's not gonna happen

(It's not gonna happen)

Think trough it all
Keep your head cold
Done everything right, but all that you know is
it's not gonna happen
(It's not gonna happen)

And here we go swinging while we try to stand tall
You paint the perfect picture just to hang it on a wall
A mind made of dreams
And a heart made of gold
Can never forget that the divers were ment to fall

You're working your way like the waves in the ocean
Going nowhere, no faster, no further, but after
you have
Spilled the cup
You've had enough
Still everybody's telling you to keep things up
After all i was wrong
I'll clean up, I'll go home

Closed, shut and sealed
The truth is revealed
Can keep a secret, but cant keep it real cause
it's not gonna happen

(It's not gonna happen)

And everyday
remains the same
You try make a change but its always too late and
it's not gonna happen

(It's not gonna happen)

And here we dig deeper where we'll never find gold
Still asking questions when answeres are told
The hands that you shake and the names that you call
Can never forget that the climbers were ment to crawl

You're working your way like the waves in the ocean
Going nowhere, no faster, no further, but after
you have
Spilled the cup
You've had enough
Still everybody's telling you to keep things up
After all i was wrong
I'll clean up, I'll go home

Ã Ã Ã Ã Ã Ã Ã Ã Ã Ã

Take me out
Set me free
Tear me open
And watch me bleed

Can't you see
It's meant to be
A history
Ends in tragedy

(a tragedy)

You're stuck in a game
Where it ends up the same
And slowly you're falling apart

Voices are screaming
You realize you're dreaming
A new day is just 'bout to start

You're waking up shaking
You're breaking the ground
As you're walking
You're falling to pieces
You're down

Make your adjustments

You're trying again
And it ends up the same
Only worse this time

Regrets in every day
Cant stop watch the rain

And it wont get better
Lasts forever
This will never end

You're working your way like the waves in the ocean
Going nowhere, no faster, no further, but after
you have
Spilled the cup
You've had enough
Still everybody's telling you to keep things up
and after all i was wrong
I'll clean up, I'll go home

(It's not gonna happen)
