Back It Up

Rich Kidz

[Intro]Yeah
Yo, check it out
It's J Foxx
The black Hugh Hef
We got my man, Tank
The love machine
Yo, check it out
We got Lil' Jon in the house
You know you been givin' cats hot ones, baby
But we don't wanna be too hype
We just wanna take our time
And lay back, lay back
Lay back (come one), lay back (yeah)
We don't wanna get to messy in here
You know what? All we wanna do is just-a
Lay back, lay back
Lay back, lay back (Tank/come on)
[1 - Tank]When I walk up in the club (club)
All the homies show me love (love)
All the ladies posted up (up)
Got patron all in my cup
[2 - Jamie Foxx](Ooh) I done spotted one (one)
She got that badonka-donk (donk)
It could be I'm almost drunk (drunk)
Wanna get that body crunk
[Hook]Cuz everyone's tryna holla at this shawty
But I really think she want me
(I can tell by the way she's puttin' extras on it)
Cuz part of me is movin' in your direction
Think I'm gonna need protection

(Put that thang in reverse and back it up on me)
[Chorus]Back it up, shawty, back it up for me
Back it up, shawty, back it up for me
Put it up and then you'll see just what it do for me
Back it up, shawty, back it up for me
Girl, I like the way the that body's actin' up on me
(And what you goin' do) I'ma back that ass up
(And what you goin' do) I'ma back that ass up

(And what you goin' do) I'ma back that ass up
(And what you goin' do) I'ma back that ass up
[3 - Tank]She sippin' on Hennessy ('sy)
While we in the V.I.P. (P)
I'm rubbin' on her booty (booty)
She's comin' home with me (home with me)
[4 - Jamie Foxx]I'ma take you for a ride (ride)
I'ma drop 6:45 (5)
Get you wet and slip and slide (oh)
Lemme know if that's alright
[Hook]Cuz everyone's tryna holla at this shawty (ooh yeah)
But I really think she want me
(I can tell by the way she's puttin' extras on it)
Cuz part of me is movin' in your direction (your direction)
Think I'm gonna need protection (ooh)
(Put that thang in reverse and back it up on me)
[Chorus]Back it up, shawty, back it up for me
Back it up, shawty, back it up for me
Put it up and then you'll see just what it do for me
