

Horns of Venus

Lock Up

Sulfur demon, the horns of Venus
Rape the boy within the man
The horns of Venus, horns of Venus Deviate souls in rapture
Flesh that never rests
Hold the image of Venus
Carnal lust possessed Sulfur demons, the horns of Venus
Rape the boy within the man
Sulfur demons, the horns of Venus
Rape the boy within the man Inhaling winds of venom
Numb from living sin
Seducing shapes in violent rage
Grandeur crowned in thorns
