Stockholm Syndrome

Greydon Square

Advisory - the following lyrics contain explicit language:

Your holy books inspire hate despair and drama
If your god does love you I hope you make him wear a condom,
People think with prayer they're safe in the streets
Fredrick Douglass didn't become free 'til he prayed with his feet
You can tell that hell and god are man made
They both want unquestioned authority and demand slaves
And any incarnation of slavery's not good,
So from here we can deduce Stockholm syndrome is not hood
But it gets deeper than this
Especially when people get pissed
When you point out their deity's nature and even intent
But I'll never worship anything with evil in it
Especially something who allows evil to even exist
I don't give a shit if he created me
That don't give him the right to commit genocide with pride and act crazily
His abused and neglected claim this crooked biz
If this was Cali DCFS would have came and took his kids
Belief is so important that if you don't you go to hell
Without the type of proof you'd need in court to avoid a jail
Give me the gas can and send me I don't need the drawers (underwear)
All because I can't fathom how your god doesn't need a cause(Chorus)I don't know about you but this looks like imprisonment.
What's worse is that the prisoners don't know that they're prisoners
Even defend the tactics that are used to imprison them.
You're a conquered mind trying to conquer other minds selling:
"Come and hear our truth"
I don't know about you but this looks like imprisonment
What's worse is that the prisoners don't know that they're prisoners
Even defend the tactics that are used to imprison them
Another conquered mind trying to conquer other minds pleading:
"Come and hear our truth"Religious freedom is an oxymoron
None of them books scare me, not the bible not the Quran

This is to Islam, and its fundamentalism:
The day you release your women, I'll quit releasing venom
Until then, no amount of scientific contributions
Could ever excuse your hateful chauvinistic institution
But, here's the real reason I'm not a muslim,
Children. See your anointed prophet used to fuck 'em
Listen, Mohammed was taking children as wives
One he married at 6 and consummated at 9
He was somewhere in his 50's trying to get in them drawers
She wasn't even 10 yet, still playing with dolls
So they try to give me that, "oh the times were different"
Rationalizing atrocities now you sound like christians.
I charge the views on women as sickening.
Either update the culture or just fade into history,
But either way.(Chorus x2)This looks like imprisonment.
What's worse is that the prisoners don't know that they're prisoners
Even defend the tactics that are used to imprison them.
You're a conquered mind trying to conquer other minds selling:
"Come and hear our truth"
I don't know about you but this looks like imprisonment
What's worse is that the prisoners don't know that their prisoners
Even defend the tactics that are used to imprison them
For a conquered mind trying to conquer other minds for challenge:
"Come and hear our truth"Wafa SultanWhen it comes to speak about women in Islam
Now I am free, but I cannot forget my niece
She was forced to marry her cousin when she was 10 he was over 40.
Her marriage was valid and legalized under the Islamic Shari'a,
Because Mohammed the prophet of Islam married his second wife
When she was 6 he was over 50.
