

# Save Rosemary In Time

## The Courteeners

Tried your luck by the vending machine  
You think that they'll never suspect a thing  
But I'm smarter than the average bear  
And I'll be buying that ring I'm gonna save Rosemary in time  
Save Rosemary in time You've taken her prisoner  
But I've got a get out of jail free card  
And I'm slipping it to her  
Cause if you gimme an inch  
I'm gonna take a yard Save Rosemary in time  
I'm gonna save Rosemary in time Don't say nothing I will be there any day now Time is ticking and I wanna  
alarm ya  
I'll be your knight in shining armour  
You gotta get out and I wanna alarm ya  
I'll be your knight in shining armour Save Rosemary in time..
