

Do or Die

3OH!3

We on three nights and no sleep
Roll with those who know me
We chillin' up so high we can find it in the nose-bleeds
Fresh kicks and yes sits diamond on both feet
We're living like we don't care what's tomorrow gonna be
Everybody in this place is blind or gonna see
That everything I need is right in front of me

Chorus:

So throw your phone away and let the night decide
'Cause when the sun goes down you'd better pick a side
'Cause baby it's do or die

Baby it's do or die

So throw your phone away and let the night decide
'Cause when the sun goes down down down...

Baby it's do or die

The poor night is still awake

Shake so bad I need to take

One shot for my lady and twenty for those I got wait
Don't feel bad I'm okay watch transform Michael Bay
Standing on the table shouting, "Warriors come out to play!"

Chorus:

So throw your phone away and let the night decide
'Cause when the sun goes down you'd better pick a side
'Cause baby it's do or die

Baby it's do or die

So throw your phone away and let the night decide
'Cause when the sun goes down down down...

Baby it's do or die

I'm thinking that this beast is a part of me
'Cause I can't seem to sleep for the death of me
So I throw away my phone and let the night decide
Then I can ever settle down until the day I die

Oh no, we did it again

We stayed up all night and we ain't sleepin in

Ya don't know where I have been

I got the devil hidin underneath my skin

Drink on we need a medicine

If we want to dive into the night my friend

Everything comes to an end

So you know that this time it's do or die again
Baby it's do or die
