

# Nobody Knows

[Dan Sultan](#)

Nobody knows my love for you  
Nobody knows my love for you  
This love could not be truer  
nobody knows my love for you Nobody knows I yearn for you  
Nobody knows I yearn for you  
This heart could not be truer  
Nobody knows I yearn for you Nobody knows my wasted days  
Nobody knows my sin filled nights  
They'll never know how hard i fight  
Nobody knows my love for you Nobody knows my love for you  
Nobody knows my love for you  
No they'll never know the things I do  
nobody knows i yearn for you  
How this fire will always burn for you  
Nobody knows my love for you
