

# Girl on TV

## LFO

I'm wishing on a falling star...  
Wondering where you are...[Chorus:]  
I wished for you on a falling star  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from the city of angels  
Like Bette Davis, James Dean and Gable  
Never know what she means to me  
I fell for the girl that's on TV Met her at a gala affair  
She wore a green dress and everybody was there  
Felt outta place as she looked into my eyes  
Shook her hand around 9pm and now  
I'm never gonna be the same again  
Never have to be on a movie screen  
To be the leading lady in all my dreams  
Shoobie-do-wop and scooby snacks  
Met a fly girl and I can't relax  
The only problem is she's a movie star, oh  
My friends, they won't believe me  
If they could only see me  
At the risk of sounding cheesy  
I think I fell for the girl on TV [Chorus:] Everybody knows her name  
Want to take her picture and they're glad she came  
But I just want to be there when she's down, down  
(Be there when she's down)  
I don't want her autograph  
I just want to call her up and make her laugh  
Never had to be on the movie screen  
To be the leading lady in all my dreams  
Shoobie-do-wop and scooby snacks  
I met a fly girl and I can't relax  
Only problem is she's a movie star  
My friends, they won't believe me  
If they could only see me  
At the risk of sounding cheesy  
I think I fell for the girl on TV [Chorus:] I wished for you on a falling star  
I'm wishing on a star and I'm wondering where you are  
Wondering where you are

Do I cross your mind in the warm sunshine Yeah, so I wished for you on a bright, shining star

Everywhere I look, there you are

It's the girl in the green dress

She took my breath away

And now I look to the sky for the better day

To the beat why'all and scooby snacks

I met a fly girl and I can't relax

Never had to be on the movie screen

'Cause she's the leading lady in all my dreams [Chorus:]
