

# One Second of Love

Nite Jewel

they talk all the time but nothing gets done  
the work begins with the setting of the sun  
they advise me how to play, how to look that way  
see life goes on and on and on and on, on, on behind the eyes where the beauty is posed  
and above the skin where the beauty gets old  
all advise me how to play, how to look that way  
see life goes on and on and on and on, on, oh, who was one second of love?  
one second of love, one second of love  
oh, who was one second of love?  
one second of love, one second of love  
oh, who was one second of love?  
one second of love, one second of love  
oh, who was one second of love?  
one second of love, one second of love you talk all the time without our love  
time is moving times get rough  
you advise me how to play, when i'm with you  
my favorite letter, you ohoh, who was one second of love?  
one second of love, one second of love  
oh, who was one second of love?  
one second of love, one second of love  
oh, who was one second of love?  
one second of love, one second of love  
oh, who was one second of love?  
one second of love, one second of love.
