

# She's Got Skillz

## All 4 One

little rump shaker she can really shake and bake  
she's got skillz  
watch her slippin and a slidin' working booty left to right  
she's got skillz  
she can work it to the left  
work it to the right  
she wants to get a little freaky tonight  
she's got the potion in the motion  
to cure my illz  
she's got skillz  
she shammies up my jammies and she'll do me all night long  
she's got skillz  
in the mornin' when i'm yawnin' she gives me a sticky bun  
she's got skillz  
yum yum eat 'em up think i'm in luck because  
she wants to lick me like a lollipop  
she's got the potion in the motion  
to cure my illz  
she's got skillz  
skillz

girl has it goin' on  
she's got skillz  
work her booty all night long  
she's got skillz  
makes me wanna scooby doo  
she's got skillz  
makes me want to zoom zoom zoom  
she's got the potion in the motion  
to cure my illz  
she's got skillz  
yum yum eat 'em up think i'm in luck because  
she wants to lick me like a lollipop  
she's got the potion in the motion  
to cure my illz  
she's got skillz  
little rump shaker got the flavor that i like  
she's got skillz  
little cutie with that booty, think i'll take her home tonight

she's got skillz
