Wake Up

Leeland

The nation lost and dying
Searching for You
Creation waits
Children with the word of God
Written on their hearts
Show love to the world
We need to wake up, wake up
Live like God, pour out love
We need to wake up, wake up
Live like God, pour out love
I know it?s sad
That the gift we have
We keep it for ourselves
Most of the time
The world is looking
For a love that?s locked up
Inside these four walls
Break the door down and shine
We need to wake up, wake up
Live like God, pour out love
We need to wake up, wake up
Live like God, pour out love
We need to wake up, wake up
Live like God, pour out love
We need to wake up, wake up
Live like God, pour out love
Our face is set, our goal is heaven
Jesus, You are the well of love
We?ll pour You out
We?ll pour You out
Our face is set, our goal is heaven
Jesus, You are the well of love
We?ll pour You out
We?ll pour You out
We need to wake up, wake up
Live like God, pour out love
We need to wake up, wake up
Live like God, pour out love
