

# Crazy Cat

## Helloween

My little crazy cat  
Took a train to meet his gang downtown  
They played Black Jack, Fritz played his false game too far  
A guy got up and started a gunfight  
He's looking for trouble day by day  
Don't waste time, cute, runaway  
He kept being taken by surprise  
A stray cat in town  
Addicted to chicks  
He's got a rental tree near the nudist beach  
Oh, watch out, booze and ladies are his fate

Too much sex and food and rock 'n' roll  
He's looking for trouble day by day  
Don't waste time, cute, runaway  
He kept being taken by surprise  
A stray cat in town  
He's looking for trouble day by day  
Don't waste time, cute, runaway  
He kept being taken by surprise  
A stray cat in town
