

So Deep Is The Night

Tony Christie

So deep is the night
No moon tonight
No friendly star
To guide me with it's light

Be still my heart
Silent lest my love should be returning
From a world, far apart

So deep is the night
Oh, lonely night
On broken wings
My heart has taken flight
And left a dream

In my dream our lips are blending
Will my dream be never ending?
Will your memory haunt me till I die? ('till I die)

Alone am I, deep into the night
Waiting for the light
Alone am I
I wonder why
Deep is the night

In my dream our lips are blending
Will my dream be never ending?
Will your memory haunt me till I die? ('till I die)

Alone am I, deep into the night
Waiting for the light
Alone am I
I wonder why
Deep is the night
