

# Fall In Love, Lady Love

## The Dramatics

Would you hear me  
If I called your name out loud  
Could you see me  
With your head stuck in a cloud?

How can you see  
That I'm in love with you  
When you ignore me so  
Wandering to and fro  
Hung up on yourself

Oh!

Fall in love, lady love  
Be my lady, please lady love.

You could touch me  
If you would just hold out your hand  
I'm always near you  
Trying hard as I can

to make you notice  
that I'm in love with you,  
But you just walk on by  
Head up high  
Hung up on yourself

Oh!

Fall in love, lady love  
Be my lady, please lady love

I'm so in love with you, lady love  
Be my lady, please lady love  
Fall in love, lady love  
Be my lady, please lady love

I'm so in love with you, lady love  
Be my lady, please lady love.

Fall in love. Lady love
