

Enough Is Enough

Whitecross

You showed up on my doorstep
Like a long lost friend
I didn't wanna let you in
I didn't wanna get involved
I knew what it would lead to
Further up the road
I wanted to tell you "no!" I wanted to tell you
Don't ask me to take another heartache on
I've got enough broken memories
And enough is enough for me
Don't ask me to take another poor stray in
I've got a menagerie
And enough is enough for me
You had to show those big brown eyes And melt my heart
My defenses fell apart
Cast some sort of spell over me
You had to go and smile at me
Winning my trust
I knew that I never must
I should've just told you: Don't ask me to take another heartache on
I've got enough broken memories
And enough is enough for me
Don't ask me to take another poor stray in
I've got a menagerie
And enough is enough
Everybody knows I'm tender-hearted
Don't look at me that way
Don't get me started
Don't ask me to take another heartache on
I've got enough broken memories
And enough is enough for me
Don't ask me to take another poor stray in
I've got a menagerie
And enough is enough for me
