

# Extraordinary

## Prince

Extraordinary, love you made to me  
It's some kind of scary  
I would be a fool to leave you  
For I was born to love you, this is true  
Extraordinary, the way you make me feel  
I'm so very glad it's real  
And not a dream  
Even though it seems I'm dreaming  
People tried 2 break us up  
There were times a little rough  
But we survived 'cuz we had a love  
Extraordinary, ooh, I'd give the world to you  
Each and every thing you do is so very nice  
Aah, you make my clock tick twelve twice, then disappear  
Time and everything else when you are near
