Carry On

Janne Schra

Carry on
Well I've been beat down to the sound of laughter, but I'll be okay
And you can keep calling me your beautiful disaster, all damn day
See I hold your heart like a part of me baby
It's the only thing that's stopping me from falling down
Yeah, you're the harmony that keeps me sound
Chorus: so now if I stay or if I go
I'll always hold your heart of gold
For if I stray if I'm not strong
You'll be my strength to carry on
Be my strength to carry on
Be my strength to carry on

So burn me down and dance around the ashes, I'll be okay
'cause I go up like an airplane when it crashes, all damn day
See I hold your heart like a part of me baby
It's the only thing that's stopping me from falling down
Yeah you're the harmony that keeps me sound
Chorus
Never let me go
I'm no good lonely, without you
So you can keep calling me your beautiful disaster, I'll be okay
Chorus
Be my strength to carry on
Be my strength to carry on
