

# hunting for pearls

[iamamiwhoami](#)

Deep blue diver, with their hopes in your hands  
Won't you take me with you to another land?  
Pure sapphire hiding in the sands  
All the darkest depths that are known to man Join me  
There is nothing we can't do What composure and charmed sleight-of-hand?  
At night I lay awake and hear you call my name In the strangest lands I will grasp my chance  
Sing the unsung ways, I have searched through space And I shackle myself, I risk it all  
Bringing us closer to the core  
Returning treasures to the shore And together we take back what is yours  
Hunting for pearls on the ocean floor  
Force the shutting of the door Days are hollow  
Nights come to murder faith  
I shut my eyes, I focus not to lose her sense It's her we follow  
She holds the secrets buried  
I know the place  
She goes, I wave him farewell Join me  
There is nothing we can't do In the strangest lands I will grasp my chance  
Sing the unsung ways, I have searched through space And I shackle myself, I risk it all  
Bringing us closer to the core  
Returning treasures to the shore And together we take back what is yours  
Hunting for pearls on the ocean floor  
Force the shutting of the door
