Silent Air

The Sound

Thunder in the air,
Before a storm that rips,
Anger in my heart,
A finger on my lips,You showed me that silence,
That haunts this troubled world,
You showed me that silence
Can speak louder than wordsWords end in disaster
On the rocks, in pieces,
I know something lives on there,
But I can't say what it is,
You showed me that silence,
That haunts this troubled world,
You showed me that silence
Can speak louder than words.
