

# I Love My Sword

## Minecraft Jams

I love my chickens and I love my little pigs.  
I love my pickaxe cause it really helps me dig.  
I love my furnace and I love to smelt my ore.  
But the one thing that I love the most, the one thing I adore.

I love my sword. I kill a lot of creepers and I kill a lot of ghosts. They're never gonna get me cause I move too fast.

I kill a lot of zombies and I kill a lot of slime. I kill a lot of spiders have me working over time. I have about a hundred but I still just want some more. I swing it in the air, I swing it on the floor, I swing it everywhere. I love my sword.

I love my rabbits and I really love my sheep. (Da, da, da, da)  
I love my shovel; I can really dig down deep.  
I love my diamonds, got a roomful I have stored.  
But the one thing that I love the most, it never makes me bored.

I love my sword. I kill a lot of creepers and I kill a lot of ghosts. They're never gonna get me cause I move too fast.

I kill a lot of zombies and I kill a lot of slime. I kill a lot of spiders have me working over time. I have about a hundred but I still just want some more. I swing it in the air, I swing it on the floor, I swing it everywhere. I love my sword.

It's freaking awesome, I really have a blast. There's nothing like it when I'm kicking zombie's  
I'm a crazy swinger, I'm a lion hear me roar. I just want more. I love my sword.

I love my sword. I kill a lot of creepers and I kill a lot of ghosts. They're never gonna get me cause I move too fast.

I kill a lot of zombies and I kill a lot of slime. I kill a lot of spiders have me working over time. I have about a hundred but I still just want some more. I swing it in the air, I swing it on the floor, I swing it everywhere. I swing it in the water, I swing it at the shore, I swing it in the mountains. I swing it in my bedroom, I swing it at the door, I swing it everywhere. I love my sword.
