

Eskimo Blue Day

Jefferson Airplane

Snow cuts loose from the frozen
Until it joins with the african sea
In moving it changes it's cold and it's name
The reason I come and go is the same
 animal game for me
 you call it rain
 but the human name
Doesn't mean shit to a tree
If you don't mind heat in your river and
Fork tongue talking from me
Swim like an eel fantastic snake
Take my love when it's free
 electric feel with me
 you call it loud
 but the human crowd
Doesn't mean shit to a tree
Change the strings and notes slide
Change the bridge and string shift down
Shift the notes and bride sings
 fire eating people
 rising toys of the sun
energy dies without body warm
 icicles ruin your gun
Water my roots the natural thing
 Natural spring to the sea
Sulphur springs make my body float
Like a ship made of logs from a tree
 redwoods talk to me
 say it plainly
 the human name
Doesn't mean shit to a tree
Snow called water going violent
 Damn the end of the stream
Too much cold in one place breaks
That's why you might know what I mean
 consider how small you are
 compared to your scream
 the human dream
Doesn't mean shit to a tree
