

# Kill the Headlights

## Rev Theory

Playin' on the safe side  
Letting life slip by  
You tell yourself another lie  
Every single day, every single day You got to jump in head first  
You might get hurt  
But it's all worth it  
In the end Just kill the headlights  
I want you to see all that's in sight  
To get where you want  
Take your hands off the wheel Kill the headlights  
You've got all you need on the inside  
Just kill the headlights  
And turn the radio up You're dreamin' of another life  
You're holdin' on too tight  
When you're gonna realize  
Everything can change, everything can change You got to jump in head first  
You might get hurt  
But it's all worth it  
In the end Just kill the headlights  
I want you to see all that's in sight  
To get where you want  
Take your hands off the wheel Kill the headlights  
You've got all you need on the inside  
Just kill the headlights  
And turn the radio up  
Turn the radio up, yeah, yeah Playin' on the safe side  
Letting life slip by  
You tell yourself another lie  
Every single day, every single day You got to kill the headlights  
I want you to see all that's in sight  
To get where you want  
Take your hands off the wheel Kill the headlights  
You've got all you need on the inside  
Just kill the headlights  
And turn the radio up Jump in head first  
You might get hurt  
(Turn the radio up)  
But it's all worth it  
(Turn the radio up) Jump in head first

You might get hurt  
(Turn the radio up)  
But it's all worth it  
In the end
