

# Rome Munich Rome

Robbie Williams

Rome Munich Rome  
All the women and the money I've blown  
Rome Munich Rome  
There's still a shitload of seeds to be sown  
And I've been stung  
I plan to have it all while I'm still young  
And I know you're low  
We'll be alright tomorrow  
You know it's not enough  
To kiss you in my sleep  
A dream is not like love  
So give me something I can keep  
Rome Munich Rome  
So many people, so alone  
Rome Munich Rome  
Pack your bags, take me home  
In time you'll see  
How much I mean to you and you to me  
And I know you're low  
We'll be alright tomorrow  
You know it's not enough  
To kiss you in my sleep  
A dream is not long enough  
So give me something I can keep  
Rome Munich Rome  
Rome Munich Rome  
Rome Munich Rome  
All the women and the money I've blown  
Rome Munich Rome  
There's still a shitload of seeds to be sown  
You know it's not enough  
To kiss you in my sleep  
A dream is not long enough  
So give me something I can keep  
To kiss you in my sleep  
So give me something  
Give me something  
Give me something  
Give me something

Give me something  
I can keep
