

# One More Time

Chris Medina

Every time I try to look away  
See your face on our reflection  
Every choice I try to make, I pray  
Leads me in a right direction  
I don't know what it is, but I know I missing it  
Missing ... memory we make remains, remains  
Wouldn't you hold me like you used to  
Hold it, girl, just one more time  
Wouldn't you love me like you used to  
Love with you is so sublied  
I was there for you, you where the for me  
Can we get this back again?  
Wouldn't you hold me like you used to  
Hold it, girl, Just one more time  
Tell me how long has it been, since we show each other some eflection  
Tell me how long will it take, till we done with all this instriprection  
I don't know why it hurts, but I know I missing you, and I know you missing me  
We been doing this so long, common, common  
Wouldn't you hold me like you used to  
Hold it, girl, just one more time  
  
Wouldn't you love me like you used to  
Love with you is so sublied  
I was there for you, you where the for me  
Can we get this back again?  
Wouldn't you hold me like you used to  
Hold it, girl. Just one more time  
Could it ever be (Could it ever be)  
Could it ever be  
Could it ever be like it was before  
Only in my dream(only in my dream)  
(only in my dream)  
I'll wait for you, will you wait for me?  
Wouldn't you hold me like you used to  
Hold it, girl, just one more time  
Wouldn't you love me like you used to  
Love with you is so sublied  
I was there for you, you where the for me  
Can we get this back again?

Wouldn't you hold me like you used to  
Hold it, girl. Just one more time
