

Brand New

Under the ocean  
 Next to a boiling vent  
 He's none the wiser  
 Earth's only resident  
 It piled up  
 Man, it was wall to wall  
 Blink of an eye  
 And all the problems solved  
 Let's all go play Nagasaki  
 We can all get vaporised  
 Hold my hand, let's turn to ash  
 I'll see you on the other side  
 Before the garden  
 When you were all alone  
 You made the atom  
 Was that some inside joke  
 Open the gates  
 And then conceal the path  
 Let's load the gun  
 And see how long they last  
 Let's go ring and run the bunkers  
 Baby won't you come outside?  
 Across the sea the birds are free  
 Let's watch them scream across the sky  
 Let's all go and meet our maker  
 They don't care whose side you're on  
 We're so afraid, I prayed and prayed  
 Before I learned to love the bomb  
 Let's all go play Nagasaki  
 What a lovely way to die  
 To finally show where we all go  
 So no one has to say goodbye  
 Lets all go and meet our maker  
 Won't matter whose side you're on  
 We're so afraid, I prayed and prayed  
 When God told me to love the bomb
