Dead End

Dead Kennedys

Once I had a close friend
I knew him for quite a while
He seemed alright to me
We had this deal together
Took up my money and time
And then he went away
Taking all that was mine
Oh, well, things crumble to an end
Hell, we all die in the end
Die in the end
Die in the end
Once it was fun to worry
About who was in control
Could look into the future
But now it don't seem right
Passion is filling the air
Profits are better than life
And things are harder to bear, things are harder to bear
Oh, well, things crumble to an end
Hell, we all die in the end
Die in the end
Die in the end
Die in the end
It's a dead end
Dead end
Dead end
Dead end
Once I had a lover
I knew her for quite a while
She seemed alright to me
But then she was gone
She took my lovin' and time
Taking all that was mine
And leaving me far behind, leaving me far behind
Oh, well, things crumble to an end
Hell, we all die in the end
Die in the end
Die in the end
Die in the end

Die in the end
Yeah end
It's a dead end
Dead end
Dead end
Dead end
