Hat cocked hard headed from tha bad block
Reds flocked I'm star studded like my shamrock
Off top when I drop them bras need to pop
I told her don't stop man have you seen her pop?
God damn, she hit the fan can't catch her dirty
I can, 'cause I'm the man, I am
I don't slow dance I two step
Tryin' to chill n' post up but dat Grey Goose crept
Up on me now lil' mama lookin' like she want this
Once I am up to bat when I hit, I don't miss
And come on, baby, maybe can leave wit' me
And don't worry about nothin' a couple of g's wit' me
Throw it to me, baby, I'ma running back
Through tha hole now, can yo boi touch down?
Throw it to me, baby, I'ma running back
Through tha hole now, can yo boi touch down?

It's too many niggas and not enough hos
Soon as I come through tha door
Them heifers pullin' on my clothes
White T, crispy Nikes wit' some red and blue girbauds
Hustle a piece of game and don't be mad 'cuz she chose
Ching a ling, stay on tha scene, ring diamonds in my pinky ring
You know they mean, brush my shoulders off I stay clean,
Look how I gleam
Keep a gang of chickens on my team, ya know wat I mean?
You a jazzy girl, it's your world
I'm just trying to catch a nut, so maybe call me a squirrel
Better yet I tell ya what, I'ma give yo ass a referral
Come to my office in tha back and gon' get it, girl, get it, girl
Throw it to me, baby, I'ma running back
Through tha hole now, can yo boi touch down?
Throw it to me, baby, I'ma running back
Through tha hole now, can yo boi touch down?

You got a fine body, why don't you back dat thing up
Type of thighs make yo boy wanna back his springs up
If you throw it my way I'ma snatch dat thing up
Once I beat it up dem docs gon' have to patch dat thing up
Yeah, I bet ya never met a playa like me
Tryin' to get in dem pants I might be
Pass it to be like I'm Bousier
Let me ram it until I bring that ass to a closer
Throw it to me, baby, I'ma running back
Through tha hole now, can yo boi touch down?
