Lady Soul

Cityside

Verse 1
Lying here beside you, close as we can be
I know what this leads to, I know what you need
Im ready to surrender, my love, lay it all in your hands
Give you my forever, everything I am

Chorus (2x)
Cause you are my, my, my, my lady soul
You are my life, you make me whole

Verse 2
I feel it in your heartbeat, hear it in your cries
This is where our hearts meet, I see it in your eyes
I been waiting for this moment, my love, its a dream come alive
Heaven must have sent me, an angel of mine

(Chorus 2x)

(Verse 1)
(Chorus)
