Headphones

Michael Franti & Spearhead

Plug your headphones straight into my heart
'Cause I want you to know what I'm talking about
I've been your solo lover now for quite a while
You've been my heaven sent angel and you make me smile
I know I'm complicated like a spray painted maze
But I hope we can learn to whether or to stay
So I'm singing
Please, don't go breaking my heart
I only have one, I only have one
Don't go breaking
Plug your headphones straight into my heart
Plug your headphones straight into my heart
Plug your headphones straight into my heart
Plug your headphones
Plug your headphones, baby, into my sound
I know I'm not always easiest to be around
But I try and I try to keep up with your beat
You turn my drum machine on, the way you move your hip
You make me feel alright in the middle of the night
When I'm tossing and turning, you're holding me tight
I'm singing
Please, don't go breaking my heart
I only have one, I only have one
Don't go breaking
Plug your headphones straight into my heart
Plug your headphones straight into my heart
Plug your headphones straight into my heart
Plug your headphones straight into my heart
So plug your headphones, baby, into my heart
'Cause I want you to know what I've been talking about
You've been my heaven sent angel, now for quite a while
Make me laugh, make me cry and you been making me smile
I'm singing
Please, don't go breaking my heart
I only have one, I only have one, one, one
Don't go breaking
Plug your headphones straight into my heart
Plug your headphones straight into my heart
My heart is a loving heart

My heart is a loving heart
My heart is a loving heart
My heart is a loving heart
