

Little Pink Plastic Bags

Gorillaz

They're just little pink plastic bags
Blowing on a highway alone
They don't know where they'll go
They just gonna float out, ho, ho, ho
They're just little pink plastic bags
Blowing on a highway alone
They don't know where they'll go
They just gonna float out, ho, ho, ho

Oh, oh

Why'd you go right?
Some might go alone
What you want in life?
Someone here'll gonna get past by
They're just little pink plastic bags
Blowing on a highway alone
They don't know where they'll go
They just gonna float out
Ho, ho

They're just little pink plastic bags
Blowing on a highway alone
They don't know where they'll go
They just gonna float out, ho, ho, ho
