

Spread Your Legs, Part Your Lips

G.G. Allin

I don't want to know about your life
What you do or the car you drive
Don't wanna know what you do all day
I just want that cunt between your legs

Chorus:
Spread your legs
Spread your legs
Spread your legs

Part your lips Repeat Chorus Don't wanna know about your life

The color of your hair or the kids on the side

Don't wanna know anything about you

Just wanna suck your cunt and then I'll be through Chorus Spread your legs (3 times) I don't wanna know about
your goals

Where you live or your ugly clothes

Don't wanna know what you think about shit

I just wanna suck your smell clit Spread your legs (6 times) Don't want anything from you

Don't wanna know what you're gonna do

Don't wanna know what you think about jack shit

Don't wanna...part your legs you smelly clit Spread your legs (6 times)
