

Twisted Tales

Jane's Addiction

I had no mother
I felt no trust
No family structure
Yes, I been busted I laid my bed out
in my back seat
Under the stars
is where I would eat...
...REFRAIN
I got nailed to
REAL GOOD
She, she was way above my head
Hid my best from you
...Told white lies
I used white magic
Need you to know
I'm not a reject
I've been committed but
Not for a long time...
...
and you can believe it...REFRAIN
