That's When Everybody Gets Hurt

Pyogenesis

I am dying alone while you were with me at home
For us, woe come life, come death - Halting, you take your last breathIt's over, my friend
That's when everybody gets hurt
In this moment, again.
It's over, my friend
That's when everybody gets hurt
We have chosen the endNone foreshadowed the end - No one to seek revenge
No matter what people throw - But the two of us only knowIt's over, my friend
That's when everybody gets hurt
In this moment, again.
It's over, my friend
That's when everybody gets hurt
We have chosen the end
