

Hollow Man (Live In London)

R.E.M.

I've been lost inside my head
Echoes fall on me
I took the priceless night for complicated mess
Persuading things I didn't mean and don't believe[Chorus]
Believe in me
Believe in nothing
Corner me
And make me something
I've become the hollow man, I
I've become the hollow man I see Oh, I see this echoing
You have placed your trust in me
I went upside down
I emptied up the room
Thirty seconds left
I can't believe you held your ground[Chorus] I'm overwhelmed
I'm on repeat
I'm emptied out
I'm incomplete
You trusted me
I want to show you
I don't want to be the hollow man[Chorus] I see
