

# I'll Be Alright

Darin

I really Love ya  
Oh you know that I do  
I Love you  
That's how you feel  
And I Can't do nothing at all won't stop you  
CHORUS:  
You have to know that  
I'll be your right  
Whether you love me you're not  
I'll be alright  
A thousand knives  
Oh they cut my heart, my heart  
But I won't never show you the scar you give me  
Deep down I Want you to stay  
I guess I have to let go  
And say  
CHORUS:  
You have to know that  
I'll be your right  
Whether you love me you're not  
I'll be alright  
Fall turn this brave  
I spread my wings and be alright  
Is that where we stand  
Lovers to friends  
I'll be alright  
CHORUS:  
You have to know that  
I'll be your right  
Whether you love me you're not  
I'll be alright
