Pigman

Subhumans

Guilty conscience stews away in the kitchen
Knock at the door it s the next door neighbour
Farming is a living killing is a crime
Where do the meat men draw the line?Revenge for the timeless market slaughter
The pig man's coming lock up your daughterGeneral conversation turns to food
Is it good for me if it s good for you?
Is it good for the animals? Turn up the heat
The pig man s coming for his Sunday treatGuilty conditioning eats in the silence
A knock at the door it s the pig man's hatred
Burning holes in your head with his grim reality
It s the family butcher - lock up your family!
