

Flashes

Heavens Gate

[Words: Rettke]

[Music: Rettke, Paeth, Bilski]The night awakes, there's nitro in the air

we're human dynamite, exploding everywhere

for a twilight generation gettin' wild and loud

like burning fire, believin' there's no doubt[BRIDGE:]

We rock, we roll, we're taking control

the time is right now, we want it all[CHORUS:]

Gives all the size, can you feel it

it's breaking the ice, breaking the ice

comes out to heal burning fever

it's breaking the seal

THE FLASHES, THE FLASHES OF STEELFrom here to eternity the stronger will survive

a human dynamo, kickin' and alive

turning up the power 'till the sky is breaking up

believe in metal gods, they will never stop[BRIDGE / CHORUS]Bodies are revvin' like wheels in the night

the mind gets delirious from power and light

a face fearing up all your senses to feel

if you don't believe in the flashes of steelFrom here to eternity the stronger will survive

a human dynamo, kickin' and alive[BRIDGE / CHORUS]
