

# In Search For I

## In Flames

It hurts to think  
Can't get the sums together  
Would you draw my bitterness  
Make the pictures fade

Could it be that I see  
What's beneath when we fall  
The truth in ever  
I'm scared that I will be

The sentence is light  
But my eyes see a different world  
And all I do is turn into flames

Will time open my vault  
New solution, I'm begging  
Break the fuse that holds me back

The I is lost in me  
But I am ready to give you The M,  
It might even be the E  
As I begin to search for I  
The I is lost in me

Distract, push me in another direction  
This wall that I stare into  
It's getting old  
Give me faith to reach for the new  
Pull me apart and do me all over  
I'll need a re-make  
To make up for my mistakes

The I is lost in me  
But I am ready to give you The M,  
It might even be the E  
As I begin to search for I  
The I is lost in me

What if I stop to care?

What if I let you fall?

What if I stop to care?  
What if I let you fall?

The I is lost in me  
But I am ready to give you The M,  
It might even be the E  
As I begin to search for I  
The I is lost in me
