

Until Death Do Us Part

Alkaline Trio

Goodbye for now
Leaving town for a while
Broken hearts, broken bones, fading smile
Did I lose everything that I love?
I suppose that I did, when push came to shove
Now I want you back and waiting there for me
I won't hold my breath, I don't expect a thing
But a boy can dream
Tell me everything will be okay
Tell me that you're still in love with me
Tell me how to get back into your heart
There I shall I remain, 'til death do us part
Goodbye for now
Leaving town for a while
Broken hearts, broken bones
Fading smile
Now I want you back and waiting there for me
I won't hold my breath
I don't expect a thing
But a boy can dream
Tell me everything will be okay
Tell me that you're still in love with me
Tell me how to get back into your heart
There I shall I remain, 'til death do us part
Tell me everything will be okay
Tell me that you're still in love with me
Tell me how to get back into your heart
For there I shall I remain, 'til death do us part
