Never Enough

J. Minor

And though I've tasted love
I've chased the love
But every time I think its love
I've wasted love, its never enoughI know what a girl likes
I know what a girl needs
I wanna tell her I'm wrong and she's right
So put the blame on me
Know how to lo-o-o-ve
I know how to lo-o-o-ve, yeah
When I hold her tight, when I let her breathe
When I tell her I saw them little things she didn't think I'd see
And though I've tasted, I've wasted love
It never comes back to me, hey cause -I aint looking for one night hang
Just want a shorty who can love the same
I aint looking for no full time maid
Just want a shorty who can pull our way
Baby if your best is not enough
I'll just end up loving you, not falling in love
And though I've tasted love
I've chased the love
But every time I think its love
I've wasted love, its never enoughI can put your heart, it's next to mine's
Cause we so in love, so close that we synchronize
We so in lo-o-o-ve (Beep beep, beep beep, beep beep)
We so in lo-o-o-ve (Beep beep, beep beep, beep beep)I'll be your strength, be your bodyguard
I would fight the wind if it blew and hit you too hard
But I've erased the love, replaced the love
It never comes back to me
Hey, oh oh!I aint looking for one night hang
Just want a shorty who can love the same
I aint looking for no full time maid
Just want a shorty who can pull our way
Baby if your best is not enough
I'll just end up loving you, not falling in love
And though I've tasted love
I've chased the love
But every time I think its love
I've wasted love, its never enoughBaby tomorrow will bring, change in my life, change in my life baby
Baby tomorrow it will be no more games played

She'll love the same way, she gon' love the same way
Or I can hate the love and fake the love
Cause it won't come to me
You know I'm saying really all that I want is the same thing
Maybe it'll come tomorrow 'cause it didn't come today
All that I need is the same thing
Someone who loves the way I love her
Cause it's never enoughI aint looking for one night hang
Just want a shorty who can love the same
I aint looking for no full time maid
Just want a shorty who can pull our way
Baby if your best is not enough
I'll just end up loving you, not falling in love
And though I've tasted love
I've chased the love
But every time I think its love
I've wasted love, its never enough
