

# Crazy

## Cypress Hill

[Intro: B-Real]

I think I'm goin' crazy [Chorus: B-Real & Brevi]

I think I'm goin' crazy, losin' my mind

I see elephants all of the time, I'm goin' loco

I think I'm losin' my mind, goin' crazy (I'm goin' loco)

Feel like I'm flyin' on a spaceship (smoked out [?])

Speech gone, elephants got my tongue (I'm goin' loco)

We ain't goin' home 'til the mother fuckin' sun

[Verse 1: B-Real]

Up all night on this road

Feels like my head is gonna explode

Vision all fucked up, man, I'm [?]

Dead in the middle of the twilight zone

Losin' my mind, so high, no lie

Can't tell if I'm in a dream, my, oh my

If I die tonight, I'ma get high tonight

Not sure I'll survive the night

Now I sweat, can't see straight

Now I start to hallucinate

Still way so crazed, you know it now

If you come at me, better slow it down

I'm about to snap, don't come close

Got a strap on the lap, ratta-tat-tat

Po-Po's comin', I'm on the run with sun on my back and my elephant lungs

If I see another one, grab a elephant gun

If you can't see it's irrelevant, son

He's so insane that's what they say, he that bong too hard one day

[Chorus: B-Real & Brevi]

I think I'm losin' my mind, goin' crazy (I'm goin' loco)

Feel like I'm flyin' on a space ship

Speech gone, elephant's got my tongue

We ain't goin' home 'til the mother fuckin' sun

I think I'm losin' my mind, goin' crazy

I feel like I'm flyin' on a space ship

Speech is gone, elephant's kinda got my tongue

We ain't goin' home 'til the mother fuckin' sun [Verse 2: Sen Dog]

Burn my clutch, brain got stuck

Somethin' ain't right, I can feel it in my gut

Don't ask me 'cause I don't know where I came from or where's my home

If I seem uptight, you ain't wrong  
I'm 'bout to start swingin' and droppin' bows  
Got that stare, you know which one  
One that says, 'I came here for fun'  
Nigga went nuts, what the f...  
I really can't tell which way is up  
'Bout to snap, don't come close  
Strap on the lap, ratta-tat-tat[Pre-Chorus: B-Real]  
Think I'm goin' crazy, goin' crazy  
Think I'm goin' crazy, goin' crazy (I'm goin' loco)[Chorus: B-Real & Brevi]  
I think I'm losin' my mind, goin' crazy (I'm goin' loco)  
Feel like I'm flyin' on a space ship  
Speech gone, elephant's got my tongue  
We ain't goin' home 'til the mother fuckin' sun  
I'm goin' loco  
(I think I'm losing my mind, goin' crazy)  
(Feel like I'm flyin' on a space ship)  
(Speech gone, elephant's got my tongue)  
(We ain't goin' home 'til the fuckin' break of dawn)
