

Money

I Fight Dragons

Green is where it's at
Green will never let you down
You can bet your life on that
Win the bet and buy your crownCause when pushing comes to shove
Money conquers faith and love
You can buy 'em up for nothing downMoney makes the world go round and round
Round and round
Money makes the world go round and round
Round and roundSell your soul at cost
Buy the bar another round
Make yourself the boss
Pay your workers shit and tax the ground'Cause when money is your friend
Then the party never ends
Hire a crew and you can you can paint the townMoney makes the world go round and round
Round and round
Money makes the world go round and round
Round and roundMoney makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Money makes the world go round and round
Round and round
Money makes the world go round and round
