

A Better Way

Andy Hull and Robert McDowell

Restless.
Walking 'round restless.
Such a commitment
to being alone.

Interest.
Nothing but interest.
I think I lost it
forever ago.

Is there anyway to get out of here?

Out there.
Further in the distance.
There is an instance,
Searching for home.

I'll try.
Try to believe it.
Try to conceive it.
By using their bones.

There's gotta be a way to get out of here.

Restless.
How are you breathless?
Tired while restless.
Lacking of tone.

Heartless.
How are you heartless?
I see your sadness.
I'm making my own.

There's gotta be a better way to get out of here.
