

Liberate (Matrix & Futurebound Remix)

[Eric Prydz](#)

Don't break now
The world's locked out
Just close your eyes
And we can push them all awayDon't break now
Don't break nowDon't break now
The world's locked out
Just close your eyes
And we can push them all away
Don't break now
The world's locked out
Just close your eyes
And we can push them all awayDon't break nowDon't break nowDon't break now
Don't break now
The world's locked out
Just close your eyes
And we can push them all away
