

# Busy Bee

## Ugly Kid Joe

Everybody's alright with me,  
Possibly you'll disagree,  
Busy bee watch the world go by,  
Everybody's alright with me,  
Cause that's just the way I choose to be,  
Everybody's on my mind,  
Can't sit aside and watch this world go by,  
That ain't me Busy Bee watch the world go by,  
Busy Bee watch the world go by Now everybody does their time,  
Those people walk in crooked lines,  
Everybody's got their choice,  
But often we don't use our voice, Busy Bee watch the world go by,  
Busy Bee watch the world go by,  
Busy Bee watch the world go by, How could you be so blind ?  
Some people just ain't satisfied,  
Watch the world go by,  
Busy Bee watch the world go by, YEAH ! I always hear the school bell ring,  
Let the children dance and sing,  
Just let us find what's been lost,  
So many people get torn and tossed away Busy Bee watch the world go by,  
Busy Bee watch the world go by,  
Busy Bee watch the world go by, Ooh, the world is going by,  
Sometimes this all play,  
Yeah it just, it just goes by,  
I don't wanna be when this all coming,  
Walk a world, walk a world
